1<sup>st</sup> May 2020

Dear Parents and Carers

I hope you and your family are all keeping safe and well. I recognise that this is such a hard time for everyone and thank you hugely for the positive support as we work things out together.

I write to update you with some exciting, bright news for St Martins.

As you know, the *Governors* and the school team have been working with the Shaw Education Trust towards becoming one of their academy schools.

This has finally happened today. Rest assured - this is only a good thing for our school. It won't mean any changes whilst we are in this awful situation. The Trust will only add help and support at this challenging time.

You can find details about the Trust here - <http://www.shaw-education.org.uk/>.

Thanks - as ever - for working so positively with us.

Kind regards,

**Debbie Gerring**  
Headteacher
