

11th February 2021

Dear Parents and Carers,

I can't believe another term has flown by! Our routines of working during lockdown are now well established and I hope they are working well for you and your child. You can always talk to us if our set up could be improved in any way. We welcome ideas. The balance between home and school learning is a testing one, which the staff team are working really hard to get right for everyone. I'm sure you will join me in thanking them for their tremendous efforts. We thank you in return for your positive partnership at such a difficult time.

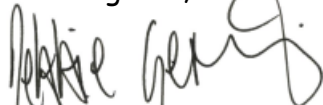

You may be aware that our staff have been provided with vaccinations against COVID-19. The vaccination was offered to help improve the protection against COVID-19 across our school community, recognising the level of personal care that we provide. Please be assured that we continue to implement all existing safety measures such as hand washing, wearing masks and enhanced cleaning regimes. The vaccine serves to make the school environment safer still for all.

If your child has been home learning during this time and you would like them to return to school after half term, please let the pastoral team know. We are open for all students who want a place in school.

I'd like to take this opportunity, once again, to thank you for your terrific support for our school and to thank the staff team for their superb efforts to meet all students' needs.

I wish you a safe and relaxing half term break and look forward to welcoming everyone back on Monday 22nd February.

Kind regards,

Debbie Gerring
Headteacher
